This business is so strong in their atmosphere, service, and true care for what they do. Love it!

common interests which I enjoy. When I was done with my hair I met with Rachel for a massage. Rachel is very experienced with her job and suggested I try a hair/head massage. I'm glad she did because it was so relaxing. I really enjoy going to Safari Spa!

Britnie is fantastic! Aside from always doing a great job on my lashes, she is always accommodating with making time on her calendar for me. I never feel rushed as she is very meticulous; it is evident that she takes great pride in her job and the quality of service she gives her clients. Love her enthusiasm and friendliness, and while I've been a massage client of the spa for a while, I am now, also, going to be a regular lash client as well because of the great service I always receive there! ★★★☆☆ by Elizbeth Roessler on 2016-11-02

I didn't have the best experience as did not love the results after my service. After receiving eyelash extensions some lashes were not secure and already seemed to be falling off from one eye as I was leaving the salon. The lash distribution between the two eyes also seemed uneven. I let the salon know some concerns right away and was told I could come back at the end of the day to get them finished if I waited. (I understood this as other clients appointments were already scheduled and didn't want to make them wait). I waited outside a couple of hours in the area in order to come back after as discussed, and it wasn't until that time then (after I had waited a couple of hours and at the time that I was supposed to come back in) that I heard from the salon that they wouldn't take me back in that day after all. I let them know that this was disappointing as the lashes weren't fully satisfactory and is already waited a couple of hours based on our discussiin that I could come back in, but no other offers were made to be able to finish them. They said the next day was Sunday so they were closed and that I could come in Monday morning, but I couldn't then

because of work. They also said if I came back in they'd they'd charge me extra for the time, which had not be my understanding at all when the offer had been made to me. Overall just did not make for a great experience; left unhappy with the results and didn't feel that my time or happiness as a customer was valued.

I have found a new place to pamper! So it started with a Groupon Coupon and I liked the haircut. The second haircut, I thought I would sign-up for a facial. That was yummy AND I learned 3 new ways to take care of my skin. Now, I'm thinking about signing up for their monthly membership ---- seems like it's a deal if you get your haircut and want to take care of your skin. I'm not a real "pampered kind of girl",

rather a "pinch your pennies and outdoorsy - put on your hiking boots and go kind kind of old girl" -- AND I'm ready to make this my go to spot. Old dogs can learn new tricks. I'm in. thanks.

I have had several massages by 2 different people, both excellent! One facial and 1 haircut, also excellent. I am very picky as I am a retired massage therapist and hair designer , so I know what quality is. I really enjoy every aspect of this spa. Super kind and attentive staff and relaxing atmosphere . Buying the monthly package was very good investment for me as it gets me in to take care of myself regularly and save money. I highly recommend this spa if you truly want great service and kind people. Do yourself a kindness and go visit them. Marcella

I was very pleased with the prenatal massage I received from Elysse. She knew all the right points of my body and was very mindful of my comfort and positioning. I felt very relaxed and could tell a difference in my walk afterwards :) The one star off accounts for the loud A/C that wasn't quite working correctly. Pretty dang warm in there and I wasn't even moving. Also the entrance was slightly confusing and although I was early, no one was there to greet me for a good while. So, great massage - not so great facility.

I have seen both Sarah and Holly for massages. Both are outstanding - I have a back injury and both listen to my requests for areas to work on, as well as the amount of pressure. I have tried many other massage therapists/establishments looking for relief, but Safari Spa not only far exceeds my expectations but is able to work out every kink, tired and achy muscle all the while in an extremely soothing and relaxing atmosphere. They have found a life-long customer!!

She allowed me to determine if any conversation is wanted otherwise she just let me enjoy the experience/ I had foot cramps and she took care of the cramping and made suggestions on how to alleviate the cramping. I would recommend Yavonne and Safari spa without hesitation to anyone who is need of excellent work.

I thoroughly enjoyed my experience at Safari Spa. I bought a Groupon for the Signature Massage. As it turned out I wrote down the time of my massage incorrectly, and completely missed my time slot. I called and spoke with Laura who could not have been more pleasant. She told me she could fit me in. She also was the person doing the massage. It was one of the best massages I have received. I so enjoyed it, I signed up for the monthly membership and am looking forward to my next massage!

Yesterday, Yavonne gave me an incredible massage and got my back and my glutes to release. She also gave me some advice about how to stretch my back. After the massage and doing the stretches last night, I was able to get my glutes to engage for the first time in five weeks when I exercised this morning.

Safari Spa is CLEAN, comfortable, cute, and everyone is so friendly! I had a 60-minute massage followed by a mini facial. Perfect! And my husband had a 90-minute deep tissue massage. He is very particular about massages and his only complaint is that it wasn't long enough! I really enjoyed the body wrap. My skin feels so soft today. The massage was the best I have ever had. It has been 24 hours and my joints feel great, especially my shoulder. Thanks for the advice to drink LOTS of water which I did.

I had a wonderful experience once again! This was my second visit for a facial. I love the experience, the products used and Sara. She is wonderful. I look forward to going back and even bought a gift certificate for a friend's birthday.

Yavonne is awesome, and the new place is warm and clean and inviting. I have a very bad shoulder / back and she always finds the "spots", as well as a very relaxing experience. Gary
